

# FOLLOW OUR GOOD NAME!

**Welcome to the SCC GmbH team:** We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical industry, and, for more than 130 experts from different countries, a professional home. Our passion: managing registration and approval procedures for chemicals such as agrochemicals, biocides, etc. Our goal: to grow even further. In an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area. Expand our scientific expertise as

## TOXICOLOGIST (M/F/D) – REGULATORY SCIENCE

BAD KREUZNACH & BERLIN

### WHAT YOU CAN EXPECT

- Your path is taking you into a team of currently seven toxicologists – and right into our enormous diversity of projects
- Your task: assessment of toxicological properties of various substances mainly in the fields of plant protection and biocides
- In collaboration with your colleagues you will prepare risk assessments, evaluate potential endocrine effects, plan/coordinate studies and engage in various regulatory projects.
- Your focus: to obtain approvals for our client's products in the European market.

### WHAT WE OFFER

- Exciting project work with opportunities for personal development
- Intensive on-the-job training and flexible working hours
- An attractive salary with profit-sharing, bonuses and benefits (company pension plan, food allowance, etc.)
- A very good working atmosphere in a team supported by corporate events and socialising outside of work

Do you thrive on challenging projects in an interdisciplinary team of ambitious professionals? Then apply online via the link below!
