

Specialist Regulatory Toxicology (m/f/d) - Remote Option from GER

Agriculture is all about balance. The balance that is crucial to everyone's existence - also applies to our Agricultural Solutions division. We connect innovative thinking with practical action to find the right balance for success - for farmers, agriculture and future generations. With seeds and traits, crop protection and digital solutions, we help farmers produce food more efficiently, protect the land and meet the needs of society.

RESPONSIBILITIES

- Join our Agricultural Solutions Expert Services Team and be part of our regulatory database. Our team provides product-specific data globally.
- o As a regulatory toxicologist you will compile, update, maintain and query databases to obtain data sets for scientific report production.
 - o Especially for the field of toxicology, you write scientific reports as well as report summaries and present your results.
 - o You produce toxicological product dossiers (focus on EU territory) for agrochemicals and classify as well as label them for acute toxicity on the basis of the composition.
 - o You are responsible for safety data sheets, especially the classification and labelling derived from product specific study results and toxicological datas.
 - o Furthermore, you develop and propose concepts as well as approaches in your area of expertise to support your colleagues in the regulatory defence of agrochemicals.

QUALIFICATIONS

- o university degree in natural sciences such as toxicology
- o work experience in the area of toxicology and familiar with animal laboratory testing
- o knowledge in product stewardship and dangerous goods law
- o good skills with common IT and web-based applications
- o excellent English and good German language skills to communicate proactively within a global team
- o structured and organized way of working

BENEFITS

- o Onboarding to help you settle in quickly, ensuring you are part of the BASF team from day one.
- o Flexible working hours so that you can organize your working and private life according to your needs.
- o Location-independent work models with defined days of presence in Berlin and work place in Germany.
